\$800 in budget for Awards - she will get back with us if anymore is needed

Approved an additional \$500 - for decorations and gifts for 8th grade graduation - Possible caps for all 8th graders to keep and wear for cap and gown pics and graduation. Also looking at getting a couple of gowns for pictures. Would like to take pics of 8th graders, print and put in frames to give to each one.

4. NEW IDEAS OR SCHOOL NEEDS - Open for discussion.

Chromebooks - Recommended by Mr. Dunn. Once K gets their chromebooks, CO will only have around 6 left. They cost approx \$400/\$450 a piece. **HOLD Chromebooks came in for Kindergarten, and 18 additional chromebooks were given.**

Sidewalks - PTO Closet, Car Rider Hill, Kids Club Entrance.... Proposal given to Central office. The car rider sidewalk is a huge expensive project due to being ADA compliant. But we did give the go ahead for concrete to the PTO closet. Other concrete was included in possible building improvements at the central office. Lorrie will try to get bids ASAP for the sidewalk to closet.

Water bottle filling stations - Ordered 1 station for \$1260 on 3/19/2021. should be delivered soon

Window Clings for front windows or side doors - brought up by Lorrie. Possible project for next year

Signs - next year any signs purchased to put on fence should make sure it is mesh so the wind can go through and not tear the signs

Bench on Playground at Basketball court - Needs to be painted.

2. C - Fern Sale - We need to officially thank Shippers for Semi - possibly pic in paper? JJ will do a huge post on the FB page.

Ideas for next year:

- Possibly have plants delivered mostly on Thursday, then remainder on Friday am? Then we would have a bigger window for pickup? Maybe keep plants in a trailer and lock overnight, or have someone stay in the parking lot like firework stands, or maybe we could just lock the gates that night?
- Do only orders only?
- Place a computer in front of the school entrance so that people could come and order? Laptop with capability to order - would need to get tech to clear the website.
- Look for orders where all are ordered under one name - if there is no list of names of the people that ordered we will not fill orders and that one person would need to pick up the entire order.
- Lorrie is going to look at spreadsheet and see if improvements can be made and or automatically print out forms for each person
